

"the right of opposition candidates and workers to engage in campaigning free of harassment, discrimination, and intimidation";

Whereas the Election Observation Mission of the Office for Democratic Institutions and Human Rights of the Organization for Security and Co-operation in Europe (OSCE) found that, while the parliamentary elections in 2005 generally complied with most of the OSCE commitments and other international standards, "they fell short of some that are central to a genuinely competitive election process", in particular "campaign conditions and access to media", confirming the "negative trends already noted in the 2003 local elections";

Whereas the Election Observation Mission found that the local elections held in June 2007 in Moldova were generally well administered but "fell short of a number of OSCE commitments central to a competitive electoral process," in particular by not fully respecting "the right of citizens to seek public office and equitable media access";

Whereas Freedom House, a non-profit, non-partisan organization working to advance the expansion of freedom, again in 2008 designated the political environment of Moldova as only "partly free";

Whereas political liberties and civil rights are key indicators of eligibility for support from the Millennium Challenge Corporation, an entity of the United States Government, which is now considering a sizeable grant for the economic and political development of Moldova; and

Whereas recent actions by entities of the Government of Moldova raise serious questions about the readiness of the Government of Moldova to break free from the unfortunate patterns established in the elections in 2003, 2005, and 2007 and to create the campaign conditions and access to media required for truly free and fair elections: Now, therefore, be it

Resolved, That the Senate—

(1) reaffirms the strong, mutually beneficial relationship that exists between the United States Government and the Government of Moldova;

(2) recognizes that the development of a genuinely democratic political system in Moldova is a precondition for the full integration of Moldova into the Western community of nations and the provision of assistance necessary to attain such integration;

(3) urges the Government of Moldova to meet its commitments to the Organization for Security and Co-operation in Europe, especially in respect to the conduct of elections, by guaranteeing—

(A) unimpeded access by all parties and candidates to public print, radio, television, and Internet media on a nondiscriminatory basis;

(B) the ability of independent media to cover campaigns on an unrestricted basis;

(C) the right of opposition candidates and workers to engage in campaigning free of harassment, discrimination, and intimidation; and

(D) adequate means for citizens of Moldova residing abroad to cast their ballots; and

(4) in light of the steps taken by the Government of Moldova, pledges the continued support of the United States Government for the establishment in Moldova of a fully free and democratic system, the creation of a prosperous market economy, and the assumption by Moldova of its rightful place as a full and equal member of the Western community of democracies.

Mr. LUGAR. Mr. President, today I submit a resolution urging the Government of Moldova to ensure a fair and democratic election process for the up-

coming parliamentary elections on April 5, 2009.

Since independence in 1991, Moldova has made notable progress in establishing a democratic political system and a free market economy. However, the Organization for Security and Co-operation in Europe, OSCE, has reported that recent rounds of parliamentary elections have fallen short on a number of international election standards.

In 2005, the Senate passed a Resolution expressing our support for democratic reform in Moldova and urging the Government of Moldova to ensure unimpeded access by all parties and candidates to all media outlets in the run-up to the 2005 parliamentary elections. While the OSCE found that the 2005 elections generally complied with international standards, it found that "campaign conditions and access to media" fell short of these standards. The OSCE reported similar circumstances following the 2007 parliamentary elections, including a lack of "equitable media access" among the candidates.

This Resolution re-affirms the United States Senate's support for political reform and fair democratic processes with our partners in Moldova. It urges the Government of Moldova to recognize the importance of guaranteeing all election candidates equitable access to media outlets in Moldova for the April 2009 elections. This will be an important consideration for receiving a Compact from the Millennium Challenge Corporation and for Moldova's full integration as a member of the Western community of democracies.

I ask my colleagues to support this resolution.
